Forecast for Sunday 18 Jun 2023

Weather: A dry and fine start to the day with patchy high cloud and sunny spells but scattered showers soon developing in the south, moving northwards, these may be heavy and thundery. Showers mostly dying out by late afternoon to leave a fine end to the day. High cloud increasing during the evening with some low cloud and rain following behind by midnight.

Chance of cloud-free hill tops above 800m: 90%, decreasing to 40% in the south by late evening.

Low Cloud and visibility: Visibility generally good or very good but reducing in heavier showers, and rain later. Scattered or broken low cloud in the south late evening, base 500-700m.
